

I support media diversity

We are writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules.

It strikes us that today the media owners are "embedded" with the FCC. If not, why are we not hearing, across the media, the "rest of the story" about the "rescue" of Private Jessica Lynch. We heard the first story all day, every day, and gloried in her rescue. Now they are all "not reporting" at the same time! Are we going to have to turn to England to get the real news?

Hopefully you are listening,
